MORRISSETTE ET AL.
Serial No. **10/669,758**
Filing Date: **09/24/03**

REMARKS

Claims 19-26 and 48-61 remain in this application. Claims 1-18 and 27-47 had been previously cancelled. Claims 22-24 had been previously amended. Claims 48-61 had been previously added in a Preliminary Amendment filed September 24, 2003.

Applicants submit this response to correct what had previously been missed regarding the filing of a divisional case with original claims 19-26 that had been restricted in the parent application serial no. 10/283,015. At the filing of the divisional case, a Preliminary Amendment was filed that cancelled claims 1-18, cancelled claims 27-47, and added new claims 48-61. Original claims 22-24 had been amended in that Preliminary Amendment.

Applicants submit a copy from the Patent Application Information Retrieval (PAIR) database showing that the Preliminary Amendment was entered on September 24, 2003. Applicants enclose a copy of the Preliminary Amendment and a copy of the return postcard indicating that the Preliminary Amendment with the divisional application had been received on September 24, 2003.

Also, Applicants note that the Information Disclosure Statements and PTO-1449 forms were filed with this patent application on September 24, 2003 and on February 3, 2004. The Office Action did not include the initialed copies of the PTO-1449 forms indicating that the Examiner had considered the Information Disclosure Statements. Applicants submit with this Amendment a copy of the PTO-1449 forms, the Information Disclosure Statement documents, and copies of the return postcards indicating that the Patent Office had
